

Patrick Smith

[Spring Hill FL]

T: [727-657-6422] E: [orankai@gmail.com]

Summary

I am seeking work as a full stack web developer. I look forward to learning and growing with this industry.

Skills

- HTML & CSS
- Javascript & Node.js
- Routing with Express
- React & Redux

Job History

Team RISK / Personal Caregiver

July 2016 - present, Spring Hill Florida

I am employed by Team RISK as an at home caregiver for a client with special needs. I provide assistance in activities of daily living, as well as property maintenance.

EnableMe / Service Technician

January - July 2016, Tampa Florida

I spent six months working at EnableMe working as service technician, where my main duties included shipping and receiving for the company's primary warehouse, while also handling all of the service requests out in the field. It was a fast paced environment where I found myself interacting with a variety of customers, including clients with special needs, doctors, medical research students and hospital support staff.

Brookdale Senior Living / Medication Technician

July 2013 - January 2016, New Port Richey (727-847-2980)

I spent three years at Brookdale, where I worked as a medication technician. This was a great job and I learned a lot working in the healthcare field. My duties typically included counting and tracking narcotic records, assisting residents with their medication and activities of daily living.
